

My name is Andy Stiles and i have lived in the Buckingham area for around 24 years. We moved to Tingewick two years ago and our twins started in Foundation at Roundwood Primary School in September 2020. We love the village and the outdoors life and would like to thank everyone for the warm welcome into the village and the school. I work for Network Rail, as a programme manager, based in Milton Keynes. This provides me with the opportunity to pursue my childhood interest in trains and railways. My other passion is sport and i really enjoy cycling, swimming and running. I have been involved with Buckingham Swans Swimming Club for over 20 years as a coach and Chair. Our family can also be found out and about around our local community organising trail runs and events. This is a wonderful opportunity to be a Governor for the school and i look forward to supporting the school to achieve all its ambitions.
