

## Foundation Stage Curriculum Overview

Foundation Stage topics are generally linked to the interests of the children in the current class and may well vary for different groups of children in the class. The Early Learning Goals describe skills the children are expected to have rather than knowledge and so these can be covered through many different themes or topics. There are some general themes which are covered each term.

<b>Autumn 1</b>	<b>Autumn 2</b>	<b>Spring 1</b>	<b>Spring 2</b>	<b>Summer 1</b>	<b>Summer 2</b>
Starting School All about me Developing routines	Seasonal Changes (Winter)	Season Changes (Spring)	Farm – animals and their young. Lambing and Calving	Exploring the local area – features of local environment Plants and Growth Lifecycles Nocturnal Animals	Plants and Growth Animals from around the World Mini beasts
