

My name is Gary Swan. My wife and I moved from Yorkshire to Calvert Green in December 2013. We have 3 children and 4 grandchildren. Our eldest daughter is in Year 2 and our youngest daughter will join Roundwood in a couple of years. We chose Roundwood School due to its approach to education and rural location.

After spending over three decades in various Senior Commercial Sales roles I am now a full time Dad which is both challenging and extremely rewarding at the same time. I enjoy being outdoors, walking and visiting National Trust properties. I am also a keen reader and love reading to my daughters. This year I have taken up Baking with my Blueberry Muffins being a firm family favourite!!

In these unprecedented times it is even more important that children have the best start possible in life with excellent education. I joined the Board of Governors in September 2020 and look forward to supporting the Leadership Team at Roundwood to achieve our collective future goals.
